

LWS Heliospheric Strategy Panel (HSP)

Charter

Objectives:

Assist the LWS Sentinels Project Scientist by identifying the near-term strategy to make progress towards the LWS heliospheric science objectives. In particular:

- Identify heliospheric measurements required to accomplish the LWS program objectives.
- Determine to what extent current and future assets could be used to contribute toward the LWS heliospheric objectives and make recommendations for improved utilization.
- Identify current and past mission data sets relevant for the LWS heliospheric objectives that are not publicly available and suggest possible solutions.

Deliverables:

A white paper summarizing the findings and recommendations to be produced by late 2002 or early 2003.
